To Whom It May Concern

We have pleasure in advising you that over the last four years we have used Mr. Y Adams as our preferred tracker company. He has met all our requirements as a service provider to our business including his B-BBEE status.

We are a Security Company and rely on his trackers to keep our fleet of more than 40 vehicles secured. They are constantly being monitored by both ourselves and our clients and our clients are elated with the reporting we can offer them that is included in his tracker service.

He is very prompt when additional trackers are requested and goes the extra mile to have them fitted almost as soon as we receive our new vehicles.

Kind Regards
